Re: **West End Outage and Warming Shelter 11-4-2022**

**Emergency
Management**

Good Afternoon All,

At this time, Avista has informed us that over 900 individuals are currently being affected by a power outage affecting the West End and Fruitland area. A warming shelter has been made available at the Powwow grounds. The outages have been estimated to be restored by 10 P.M. but could take longer. Once again if you are in need of a warm shelter, the Powwow Grounds will be available.

Thank You and Stay Safe,

Reggie J. Peone Jr.
